Gallery Profile

Arthome.hk was founded by Alan Lai in 2009. It is aimed at providing visual artists a home like space: a free and fresh shelter to share the joy of making art. This studio is sited at the roof floor of a warehouse in Fotan Industrial suburb area where many art studios established in these years. Most of the studios in Fotan join the Open Studios Program in there years and open their Studios for public to visit and share the joy of making art every January.

There is a professional pottery and wood workshop in this studio for local artist to create art pieces in arthome.hk. As the the workshop is built on the roof floor with glass wall, the warm sun shine fill up with the greens shadow around the workshop. Refer to the visitors, arthome.hk is said to be one of the most lovely studio in Hong Kong.

A small gallery is built at the studio entrance of arthome.hk. It presents many pottery and wood carving art pieces from the artists in arthome.hk as well as other local artists.
