Finding Rabbit_

Mystery lies here again.
Though life is poor, though it lacks elegance
Though it seems twisted, estranged, hopeless,
I cannot let go of the mystery.

About artist

Lee Soung-soo received his degree from Seoul National University. Since 2003, he has participated in numerous private and group exhibitions and art fairs. His work embraces people, fantasy, laughter, the atmosphere, and the sea. It has you and me. By blending the nature, humans, and other living creatures, his images sometimes approach us with warmth or brutally cold reality. He is currently showing works under the theme of “Greenhouse; hererotopia”
