South Korea

b. 1969

Education

2010 MA. Art Education, Graduate School of Education, Ewha Womans University, Korea

1994 BFA. Printmaking, Chu-Gye Arts University, Korea

Artist Statement

Born in South Korea, I have developed my artistic career mostly working on lithography and painting. From my youth, I have wondered about the relationship between God and man and human relations. My artworks are created from my thoughts on life, death, love, betrayal, murder, etc. These days, I have become interested in people around me and animal spirits.
