### Artist Profile

#### Cheng Jun

Born in 1971 in Huaian, Jiangsu Province.

Cheng Jun came from a long line of seal cutting experts, studying Chinese traditional art at an early age. He expresses his thoughts through the handwriting of calligraphy and the rendering of ink. He draws inspiration from both nature and life, and abstracts aesthetic concepts from different forms of art. It is in this integrated creative spirit that his works absorb artistic nutrients from both Eastern traditions and Western modern paintings. While being visually expressive, his works also create a peaceful and serene poetic space that incites every viewer's heart.
