

About the Gallery

Galleria Camaya was founded in 2016 by Abigail Camaya Hills who is herself a porcelain painter. Taking the queue from the art world's recent interest in Philippine Art, Galleria Camaya was formed to promote outstanding Filipino artists and craftmasters who will, otherwise, not have an opportunity to be exposed internationally. Galleria Camaya works closely with these artists to help them find art events to showcase their works.

Now is the time to invest in Philippine art as recent auctions by the big Houses have seen an upsurge in the prices of Philippine works which have, until recently, lagged behind their counterparts in Southeast Asia or North Asia, for that matter. There is still a lot of opportunity to showcase local award winning but internationally unknown Filipino artists and Galleria Camaya is working to fill in this gap.
