

In the space of the "Khankhalaev" Gallery a large circle of artists was formed. These are painters, sculptors and graphic artists such as: Dashi Namdakov, Zorikto Dorzhiev, Bato Dashitsyrenov, Balzhinima Dorzhiev, Bato Dugarzhapov, Zhamso Radnaev, Alexander Zakharov, Uliana Karagod, Dmitry Sanjiev, Masaaki Miyasako, Stas Namin, Dorji Purbuev, Andrei Bodrov, Tamaz Gogoladze, Suro, Gago Chtyan and others. The gallery managed to open new names and at the same time there remained constancy both in its conceptual orientation and in the existing circle of artists.

The works of the artists of the Khankhalaev Gallery surprise with the contrast of traditional techniques with unexpected, paradoxical images; Academic creative decisions are often intertwined with grotesque and stylization, and national motifs - with modern artistic language.

Founder of the Gallery — Konstantin Khankhalaev

A well-known figure both in the gallery business, and in the music and publishing business. His name is associated with the ethnopeeper Badma-Khanda, a sculptor

Dashi Namdakov and other representatives of the artistic world of Buryatia and Russia. He collaborated with the groups Chaif and Nautilus Pompilius. Khankhalaev is one of the few producers who successfully promote Buryat art in the world arena.
